

*Message of Support  
From the Premier of Prince Edward Island*

*As* Premier of Prince Edward Island, it is a pleasure to support the Vietnamese Canadian Federation's efforts toward the establishment of the Vietnamese Boat People Museum Project.

The dedication you are affording to this project is worthy of the acknowledgment that the generations of "Vietnamese Boat People" so deserve. These individuals and their families have made Canada their home, and their humanitarian efforts and valuable contributions to the Canadian culture are certainly worthy of being recognized.

On behalf of the Province of Prince Edward Island, I offer our best wishes for success with the Vietnamese Boat People Museum Project. I am certain that the tribute you pay to the Vietnamese community through this project will encourage and inspire visitors, providing them with a remarkable message of insight and perseverance not only for "Vietnamese Boat People" across Canada, but for all of humankind as we continue to strive for world peace and cultural tolerance.

A handwritten signature in black ink, appearing to read 'Pat Binns'. The signature is stylized with long, sweeping lines.

Pat Binns  
Premier of Prince Edward Island
